Narrative:
On 10 July 2019, at

Investigating Deputy/Officer
62 - Pigott, William

approximately 13:40 hours, Driver #1 was operating Vehicle # 1 westbound on Country Club Road approaching the intersection with Bison Street. At the same time Driver #2 was operating Vehicle #2 southbound on Bison Street approaching the intersection with Country Club Road. This intersection is controlled by a stop sign indicating that all traffic on Bison Street must stop prior to entering the intersection with Country Club Road. Driver #2 operated Vehicle #2 into the intersection. Vehicle #1 struck Vehicle #2 in a T-Bone style collision. This caused vehicle #2 to slide westbound and overturn onto its side until it came to rest in the yard of 1000 Country Club Road on its passenger side. After impact, Vehicle #1 completed almost a full 180 degree spin and came to rest against Vehicle #1.

Another motorist, Carl Harris, witnessed this accident and was interviewed. The accident report will account for his details and full summary. Briefly, in a recorded statement, he advised that he was traveling eastbound on Country Club Road. He was adjacent to Lawrence Street when he observed Vehicle #1 traveling westbound toward him. He described Vehicle #1 as traveling with the flow of traffic. He then observed Vehicle #2 traveling south on Bison Street approaching the intersection with Country Club Road. Harris stated that he noticed that Vehicle #2 was not slowing and entered directly into the intersection, without stopping, directly in front of Vehicle #1. Harris indicated that Driver #1 did not have time to avoid the accident.

This accident is still under investigation. Monongalia County Sheriff's Department Accident Reconstruction unit responded to the scene. Lt. Yaskowea and Sgt. McRobie will be completing a reconstruction of this accident, as well as completing a digital data download from Vehicle #1's Airbag Control Module. Vehicle #2's ACM cannot be downloaded due to vehicle make. This will assist in determining the causation of the accident.
